About LGT Venture Philanthropy

Organizations have developed effective solutions to unprecedented global challenges

Global challenges

Education

- 2 out of 5 youth in the labor force are either unemployed or have a job but live in poverty
- 80% of children in poor countries cannot read a simple text by age 10

Health

- 1 billion people lack physical access to primary healthcare
- 6 million children die before the age of 5 each year, >50% are easily preventable

Environment

- 40% of land is degraded, affecting 1.5bn lives; 1m species risk extinction
- 87% of oceans damaged
- 2023 warmest year on record, capping the warmest-ever decade

We see effective, scalable solutions to these challenges

The Nudge Foundation works to build resilient livelihoods for all

Last Mile Health provides healthcare to the most remote communities

Foundation for Ecological Security restores degraded land with local communities

LGT VP provides organizations with tailored funding while also strengthening their capabilities to scale their solutions and contribute to systems change

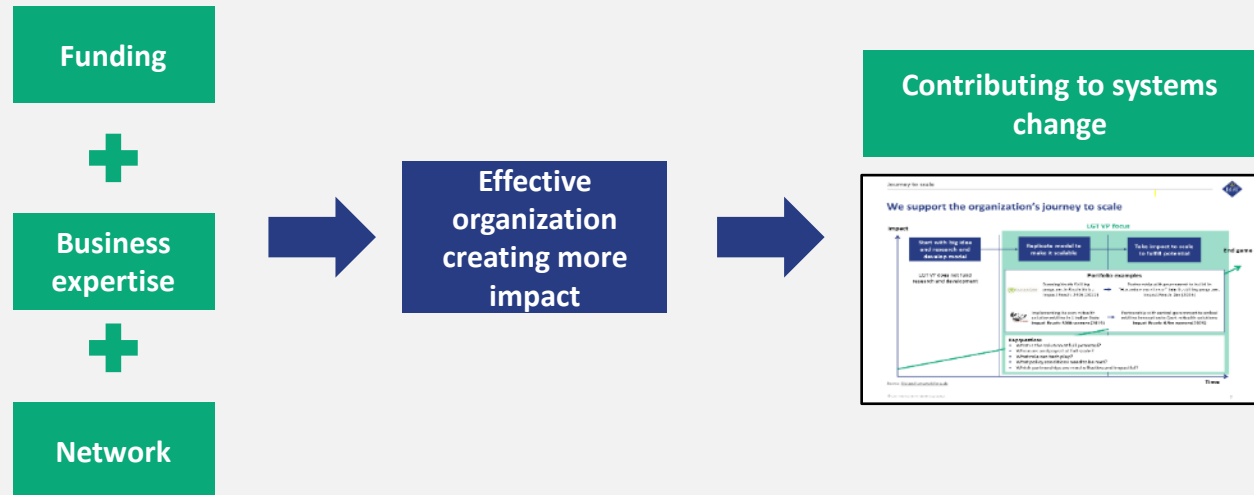

Locally rooted organizations have effective solutions ready to scale but lack the right funding and capabilities to grow. They also face systemic barriers that prevent the scaling of their solutions.

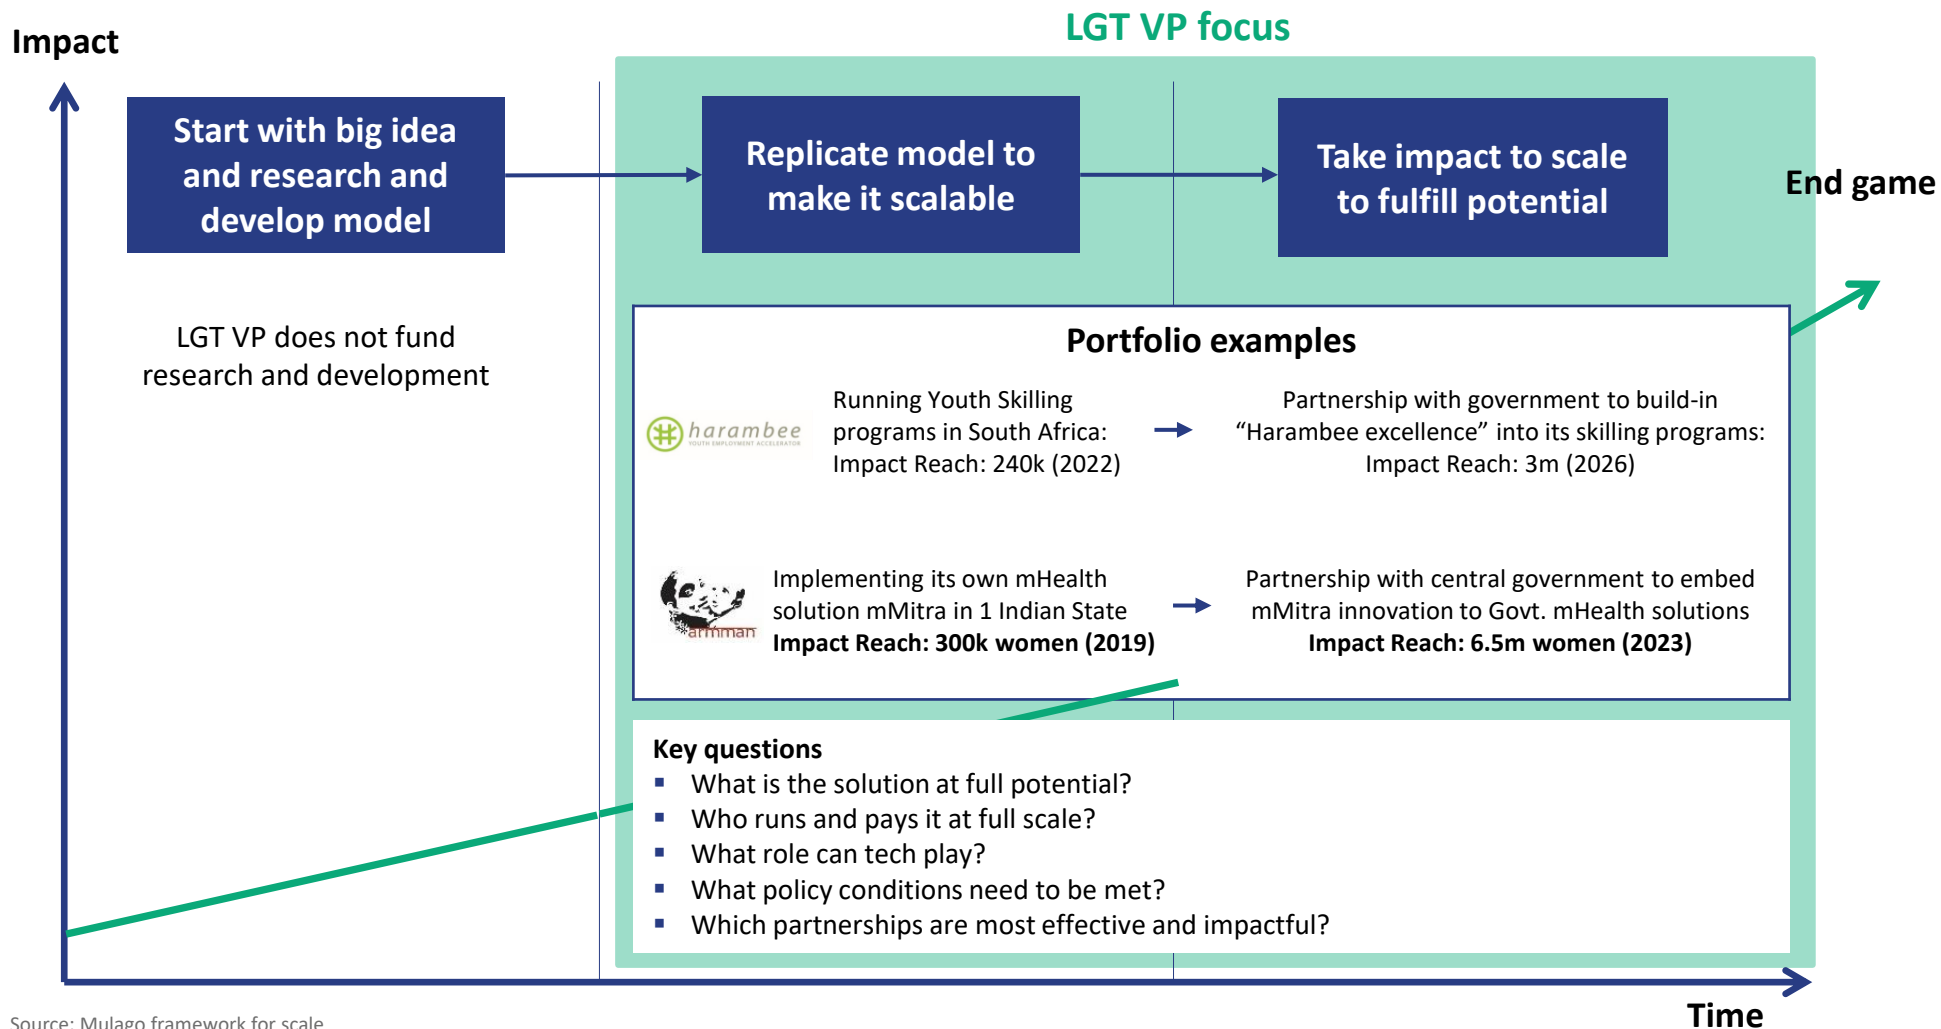

At LGT VP, we believe that for philanthropic funding to be truly transformative, we

1. Must **strengthen the capabilities of organizations** delivering effective solutions, and
2. Focus on **addressing systemic barriers**, so that...

→ Their solutions create **more impact and contribute to systems change**

We support the organization’s journey to scale

Source: [Mulago framework for scale](#)

We apply a venture philanthropy approach across 5 practices to offer portfolio organizations comprehensive support

1. Local teams, locally rooted organizations

Together with our regional teams we support proven models designed to scale in the local context, by organizations that are embedded in the communities they serve

2. Flexible core funding

We provide multi-year, tailored philanthropic capital to strengthen organizational capacity, while maintaining flexibility to respond quickly to changing needs

3. Strategic business expertise

We commit to active value creation informed by deep due diligence and a 15-year track record, and provide hands-on strategic support through our team, LGT Impact Fellows and partners

5. Long-term, trusted partnerships

We cultivate collaborative relationships with our portfolio organizations and actively build networks of partners around our engagements to catalyze collective impact

4. Portfolio of complementary solutions

We develop thesis-driven strategies and build thematic portfolios of complementary solutions that can act synergistically to enable enduring systemic change

LGT Venture Philanthropy in a nutshell

Who we are

- Independent charitable foundation
- Founded 2007 by the Princely Family of Liechtenstein
- USD 125 million deployed impacting 9 million lives

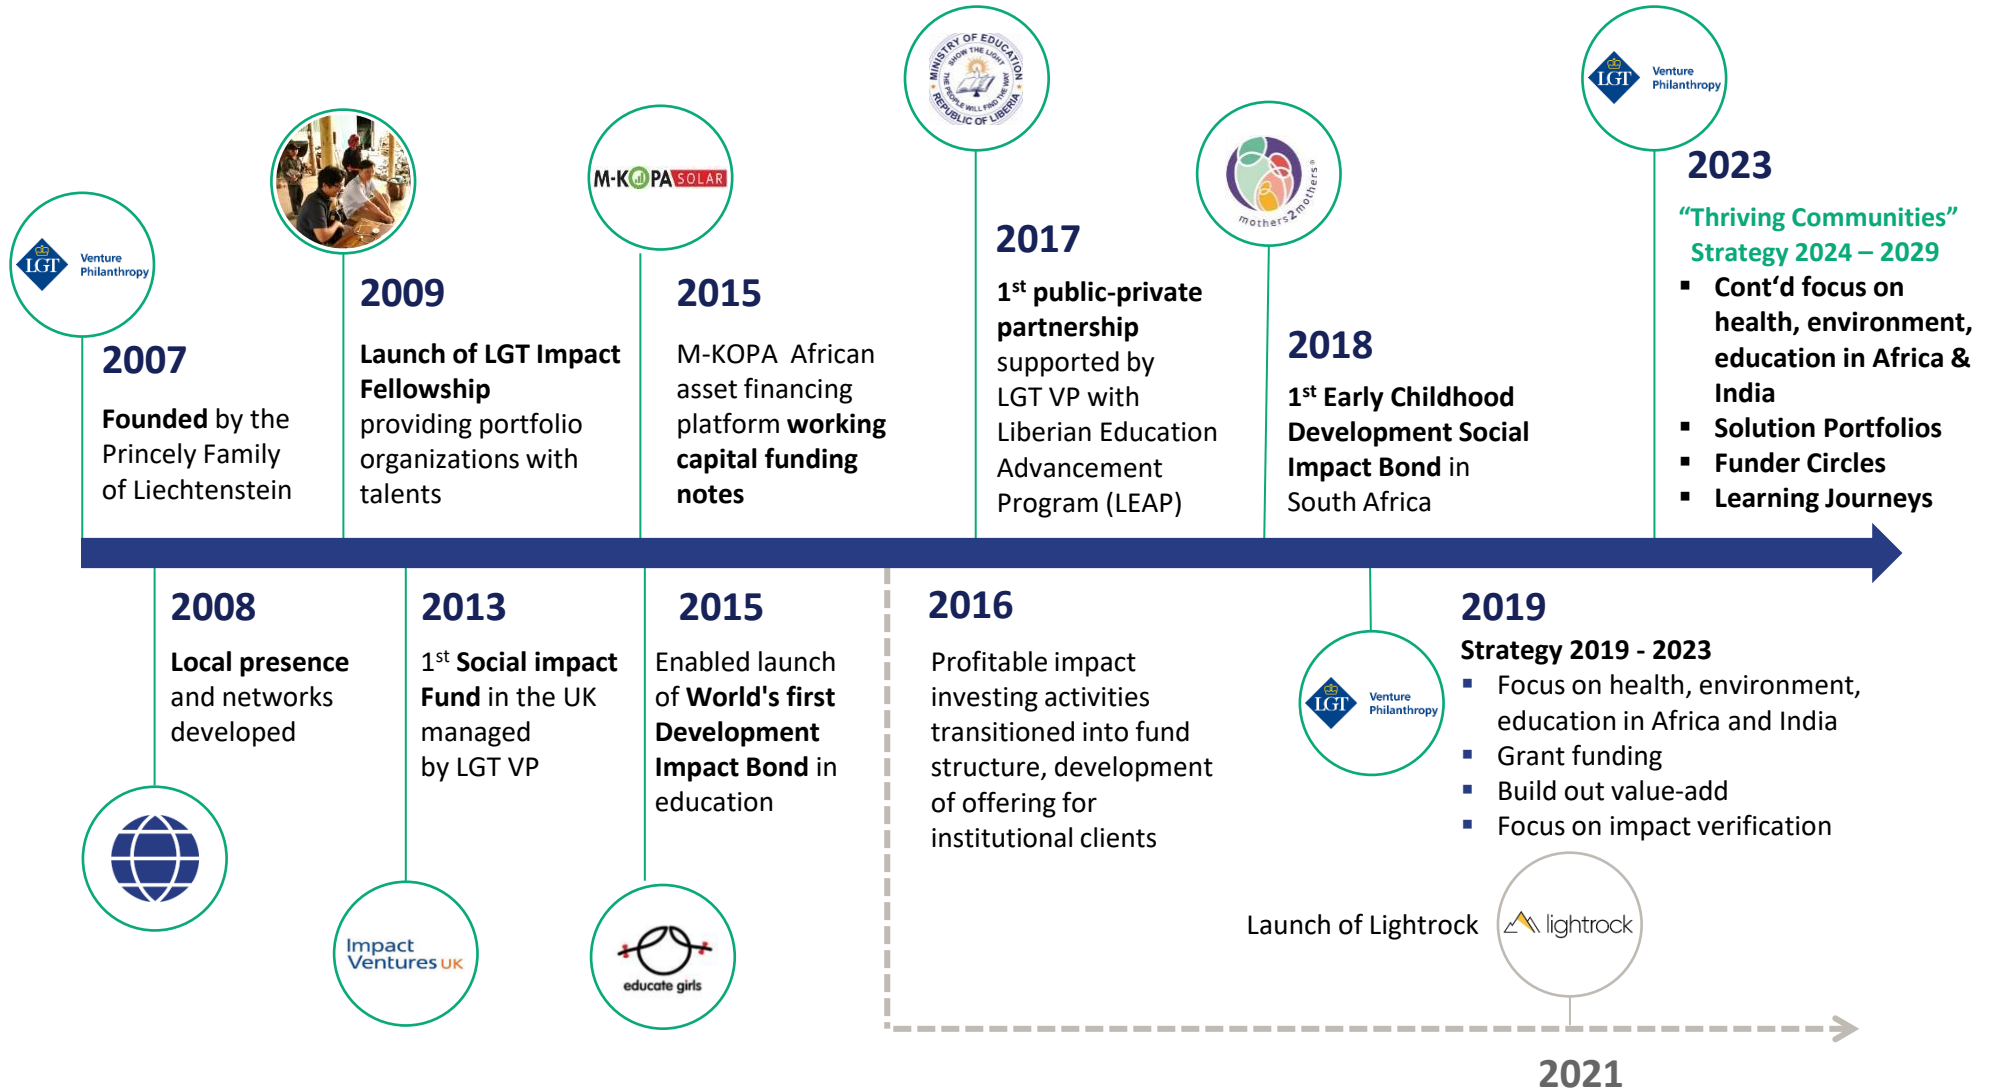

Our Purpose

Empowering people facing disadvantages to improve their quality of life, contribute to healthy ecosystems, and build inclusive, and prosperous communities.

Venture philanthropy is an approach to philanthropic giving that uses concepts and techniques from the venture capital industry to build strong social organizations by providing them with both financial and non-financial support in order to increase their societal impact. It often also means to engage in emerging markets, i.e. in jurisdictions which may not be politically, financially or organizationally stable. Therefore, the influence on an engagement can be substantially restricted and not guaranteed.
